Statement Notes & Disclosures

- Returned deposited item: a check you deposited was returned unpaid by the payer's bank; the provisional credit is reversed and a returned-item fee may apply. This is not the same as a purchase you made.
- Duplicate point-of-sale charges are sometimes posted by a merchant and then reversed; both the charge and the matching reversal appear, netting to zero for that merchant.
- ATM surcharges and foreign-transaction fees are charged in addition to the underlying amount.
- Overdraft protection links your Premier Savings ****7046 to your checking; if checking would overdraw, funds sweep from savings automatically.
- Recurring subscriptions bill the same amount each statement period; review the transaction list for services you no longer use.
