7. Cost-basis methodology & wash-sale notice

Noncovered securities (inherited/gifted) — adjusted basis not reported to the IRS; figures shown may not reflect inheritance step-up; correct using estate documentation. Wash sale — NVTk shares repurchased 05/14/2025 within 30 days of the 04/30/2025 sale; the loss is disallowed and added to the replacement lot's basis. Inherited property is always long-term; basis is date-of-death fair market value.
