Ending nondeductible basis (12/31/2025)	(determined on Form 8606)
Traditional IRA year-end fair market value	0.00
Total of all your traditional/SEP/SIMPLE IRAs (12/31)	0.00

Instructions for Participant (Form 5498)

Form 5498 reports contributions, conversions, rollovers, and year-end fair market value. Keep it with your records.

Box 1 shows traditional IRA contributions. A traditional contribution is not automatically deductible. If you do not deduct it, it becomes nondeductible basis and you must report it on Form 8606 so it is not taxed again on withdrawal or conversion.

Box 3 shows amounts converted to a Roth IRA; the conversion is taxable only to the extent it exceeds your basis (Form 8606).

Box 5 shows the fair market value of the account on December 31.
