This statement reflects employment with Halcyon Data Corp. only. It is a non-negotiable record of earnings. Retain for your files.

Year-to-Date Reconciliation & Withholding Guidance

Your year-to-date (YTD) figures on this statement include only wages paid by Halcyon Data Corp. since your start date of 07/01/2025. They do NOT include wages from any prior employer in the same calendar year.

Social Security tax is withheld at 6.2% up to the annual Social Security wage base. Because Social Security wages are tracked separately by each employer, an employee who works for more than one employer in a year may have more than the maximum Social Security tax withheld in total. Any excess is claimed as a credit on your federal income tax return (Schedule 3); it is not refunded through payroll.

Medicare tax is withheld at 1.45% on all Medicare wages. An Additional Medicare Tax of 0.9% applies once your Medicare wages from this employer exceed \$200,000 in the calendar year. Because this employer withholds based only on wages it pays, you may owe Additional Medicare Tax at filing if your combined wages from all employers exceed the \$200,000 threshold (figured on Form 8959).

401(k) elective deferrals are tracked per employer for payroll purposes. The annual elective-deferral limit, however, applies to you across ALL employers combined. If your total deferrals for the year exceed the limit, the excess must generally be distributed by April 15 of the following year and is included in your taxable wages.

HSA contributions made through payroll (Code W) are already excluded from your taxable wages in Boxes 1, 3, and 5 and should not be deducted again on your return. Contributions you make directly (outside payroll) may be deductible on Form 8889.

Employer Notes & Important Disclosures

Employee began employment on 07/01/2025. Prior employer in this tax year: Brightmoor Analytics, Inc. (through 06/2025).

Withholding elections are currently at the default single rate. To increase the amount withheld from each paycheck without changing your 401(k) elections, submit an updated Form W-4 and enter an additional amount on Line 4(c). Your payroll administrator will apply the change beginning with the next available pay cycle.

Pre-tax deductions reduce your federal taxable wages. State taxability of specific deductions may differ. Consult a tax professional for advice specific to your situation.

Direct deposit is issued to the account on file ending in 7045 at Harborstone Bank, N.A. Allow one to two business days after the pay date for funds to post.

Questions about this statement should be directed to the Halcyon Data Corp. payroll department. This document is provided for informational and recordkeeping purposes.

Pay Statement Legend

Gross Pay	Total earnings before any deductions.
Pre-Tax Deductions	Amounts subtracted before income tax is calculated (401(k), HSA Code W, medical/dental/vision).
Code W (HSA)	Combined employer and employee HSA contributions made through payroll; reported in Box 12 of your Form W-2 with code W.
Federal / State Income Tax	Income tax withheld based on your Form W-4 / M-4 elections.
Social Security Tax	6.2% of Social Security wages up to the annual wage base.
Medicare Tax	1.45% of all Medicare wages, plus 0.9% Additional Medicare Tax above \$200,000 of wages from this employer.
Net Pay	Take-home pay after all deductions and taxes; deposited to your account on file.
YTD	Year-to-date totals for this employer only, beginning with your start date.
