Account Statement

Ngozi Balogun

218 Lafayette St, Apt 4B

Newark, NJ 07105

ACCOUNT NUMBER	****2210	STATEMENT DATE	May 22, 2026
PAYMENT DUE DATE	June 18, 2026	CURRENT AMOUNT DUE	\$295.00
TOTAL PRINCIPAL BALANCE	\$31,000.00	INTEREST RATE (wtd avg)	5.80%
REPAYMENT PLAN	Income-Driven (SAVE/IBR)	LOANS IN THIS ACCOUNT	4

Payment Information
Amount Due: \$295.00 Due Date: June 18, 2026. Autopay: ON (0.25% interest reduction applied).

Your payment is drafted automatically from your Garden State FCU checking account ending 4471 and appears there as 'CORNERSTONE EDU LOAN PMT'.

Loan-Level Detail

Loan	Disbursed	Principal balance	Interest rate	Status
Loan A — Direct Unsubsidized	2019	\$12,400.00	5.50%	Repayment (IDR)
Loan B — Direct Subsidized	2018	\$7,800.00	4.99%	Repayment (IDR)
Loan C — Direct Unsubsidized	2020	\$6,500.00	6.54%	Repayment (IDR)
Loan D — Direct Unsubsidized	2021	\$4,300.00	7.05%	Repayment (IDR)
TOTAL		\$31,000.00	5.80% (wtd avg)	

Each loan accrues interest daily based on its own rate and balance. Your single monthly payment is allocated across the loans as described in the servicing disclosures.

Recent Payment Activity

Date	Amount	To Interest	To Principal	Balance after
Jan 18, 2026	\$295.00	\$159.63	\$135.37	\$32,864.63
Feb 18, 2026	\$295.00	\$158.97	\$136.03	\$32,728.60
Mar 18, 2026	\$295.00	\$158.32	\$136.68	\$32,591.92
Apr 18, 2026	\$295.00	\$157.66	\$137.34	\$32,454.58
May 18, 2026	\$295.00	(\$1,159.58)	\$1,454.58	\$31,000.00

Allocation between interest and principal varies with the days between payments and the balance of each loan.

2025 Tax Information — Form 1098-E (Student Loan Interest Statement)

The following Form 1098-E reports the student loan interest you paid in 2025. It was furnished to you and reported to the Internal Revenue Service.

RECIPIENT'S/LENDER'S name, address: Cornerstone Education Loan Services, P.O. Box 8330, Fargo, ND 58109	RECIPIENT'S TIN: 45-XXXXXXX
BORROWER'S name: Ngozi Balogun	BORROWER'S TIN: XXX-XX-9286
BORROWER'S address: 218 Lafayette St, Apt 4B, Newark, NJ 07105	Account number: ****2210
1 Student loan interest received by lender \$1,705.00	2 If checked, box 1 does not include loan origination fees/capitalized interest for loans made before 9/1/2004 ☐ Not checked
Form 1098-E (2025) OMB No. 1545-1576	Department of the Treasury - Internal Revenue Service

Instructions for Borrower (Form 1098-E)

A person (including a financial institution, a governmental unit, and an educational institution) that receives interest payments of \$600 or more during the year on one or more qualified student loans must furnish this statement to you.

Box 1. Shows the interest received by the lender during the year on one or more student loans made to you. For loans made on or after September 1, 2004, box 1 must include loan origination fees and capitalized interest received in 2025.

Box 2. If this box is checked, box 1 does not include loan origination fees and/or capitalized interest, and they are not reported because the loan was made before September 1, 2004.

Box 1 reports the total student loan interest received by the lender during the calendar year on your account. Retain this statement with your records.

Multi-Year Interest Paid (For Your Records)

Tax year	Interest paid (Form 1098-E, Box 1)
2023	\$1,902.44
2024	\$1,815.07
2025	\$1,705.00

Prior-year figures are provided for your convenience. Use the official 1098-E for each year when preparing that year's return.

Repayment Plan Comparison

Plan	Est. monthly payment	Est. term	Notes
Standard (10-year)	\$345	120 months	Fixed payments; least total interest among standard options
Graduated	\$255 rising	120 months	Starts lower, increases every two years
Extended	\$210	300 months	Lower payment, more total interest
Income-Driven (SAVE/IBR) — current	\$295	up to 240-300 months	Based on income and family size; possible forgiveness

Estimates are illustrative. Your income-driven payment is recalculated annually when you recertify your income and family size.

Income-Driven Repayment and Recertification

Under an income-driven repayment (IDR) plan, your monthly payment is generally a percentage of your discretionary income and is recalculated each year when you recertify your income and family size. If your income or family size changes during the year, you may be able to update your plan. Failing to recertify by your annual deadline can cause your payment to increase and unpaid interest to be capitalized.

Because IDR payments can be lower than the interest that accrues, your balance may not decrease as quickly as under a standard plan, and in some periods may grow. Many IDR plans offer loan forgiveness of any remaining

balance after a set number of qualifying payments; forgiveness rules and tax treatment are set by federal law and can change.

Interest Accrual and Capitalization

Interest accrues daily on each loan's principal at that loan's rate. Your daily interest equals the principal balance times the interest rate divided by 365. When you make a payment, it generally is applied first to outstanding fees, then to accrued interest, then to principal.

Capitalization occurs when unpaid accrued interest is added to your principal balance, for example after certain periods of deferment or forbearance or when leaving certain repayment plans. After capitalization, interest accrues on the new, higher principal, which increases the total you repay.

Deferment, Forbearance, and Forgiveness

Deferment and forbearance let you temporarily postpone or reduce payments under certain conditions, such as unemployment or economic hardship. Interest generally continues to accrue and may be capitalized. Contact us before you miss a payment to discuss whether you qualify.

Public Service Loan Forgiveness (PSLF) may forgive the remaining balance on Direct Loans after 120 qualifying monthly payments while working full time for a qualifying employer, such as a government or nonprofit organization. Hospital and other nonprofit employees may qualify; certification of employment is required.

Income-driven forgiveness may discharge any remaining balance after the required number of qualifying payments on an IDR plan. Program rules, qualifying-payment counts, and the tax treatment of forgiven amounts are governed by federal law and may change; check the official federal student aid website for current details.

Repayment Plans in Detail

Standard Repayment. Fixed monthly payments over up to 10 years (longer for consolidation loans). You pay the least total interest of the standard options, but the monthly payment is higher than under income-driven plans.

Graduated Repayment. Payments start lower and increase, usually every two years, over up to 10 years. Useful if you expect your income to rise; you pay somewhat more total interest than under Standard.

Extended Repayment. Fixed or graduated payments over up to 25 years for borrowers with higher balances. Monthly payments are lower, but total interest is higher because you repay over a longer period.

Income-Based Repayment (IBR). Monthly payments are generally 10-15% of discretionary income and are recalculated annually. Any remaining balance may be forgiven after the required years of qualifying payments.

Saving on a Valuable Education (SAVE). An income-driven plan that bases payments on discretionary income with certain interest benefits. Payments are recalculated annually upon income recertification, and remaining balances may be forgiven after the required period.

Income-Contingent Repayment (ICR). Payments are the lesser of a fixed 12-year amount adjusted for income or 20% of discretionary income; available for certain loan types, including parent loans after consolidation.

Deferment and Forbearance Types

Type	Eligibility (examples)	Interest accrues?
Unemployment deferment	Receiving unemployment benefits or seeking work	Subsidized: no; Unsubsidized: yes
Economic hardship deferment	Income below a threshold or receiving certain assistance	Subsidized: no; Unsubsidized: yes
In-school deferment	Enrolled at least half-time	Subsidized: no; Unsubsidized: yes
Military service deferment	Active duty or related service	Varies by loan type
General (discretionary) forbearance	Financial difficulty, medical expenses	Yes, on all loans
Mandatory forbearance	Certain residency, service, or hardship situations	Yes, on all loans

During deferment or forbearance you may not be required to make payments, but interest that accrues (and is not paid) may be capitalized, increasing your balance. Contact us to apply and to understand the effect on your loans.

Loan Discharge and Forgiveness Programs

Public Service Loan Forgiveness (PSLF). Forgives the remaining balance on Direct Loans after 120 qualifying monthly payments made under a qualifying repayment plan while working full time for a qualifying government or not-for-profit employer. Submit an employment certification regularly to track qualifying payments.

Income-Driven Forgiveness. Discharges any remaining balance after the required years of qualifying payments on an income-driven plan. The number of years and the tax treatment of the forgiven amount are set by federal law.

Total and Permanent Disability (TPD) Discharge. May discharge your loans if you are totally and permanently disabled, with required documentation.

Death Discharge. Federal loans are discharged upon the borrower's death with acceptable documentation.

Closed School and Borrower Defense. You may be eligible for discharge if your school closed while you were enrolled or shortly after withdrawal, or if your school engaged in certain misconduct, subject to federal rules.

Master Promissory Note — Key Terms

Your loans are governed by the Master Promissory Note (MPN) you signed. The MPN is a binding legal document in which you promise to repay your loans plus accrued interest and fees to the U.S. Department of Education. One MPN can cover loans you receive over multiple years.

Under the MPN, you agree to repay according to the terms of your chosen repayment plan, to notify the servicer of changes to your name, address, or status, and to use the loans only for educational expenses. The MPN explains interest accrual, capitalization, fees, deferment and forbearance, default, and your rights and responsibilities.

Borrower's Rights and Responsibilities

Your rights include: receiving a copy of your MPN; a grace period before repayment begins (for applicable loans); written notice of the amount of your loans and the interest rate; an explanation of deferment, forbearance, and cancellation provisions; documentation when your loan is paid in full; and the ability to prepay without penalty.

Your responsibilities include: repaying your loans even if you do not complete your program, are unhappy with your education, or cannot find work; making payments on time even if you do not receive a bill; notifying your servicer of changes in your contact information, enrollment, or ability to repay; and recertifying income annually if you are on an income-driven plan.

Privacy Act and Use of Your Social Security Number

The information you provide is used to administer your federal student loans under the authority of the Higher Education Act. Your Social Security number is used to verify your identity, to apply payments, and to report account information as required by law. Providing it is necessary to service your loans.

Loan Consolidation

A Direct Consolidation Loan combines multiple federal loans into one loan with a single monthly payment and a fixed interest rate equal to the weighted average of the consolidated loans' rates, rounded up to the nearest one-eighth of a percent. Consolidation can simplify repayment and may give access to certain plans or forgiveness programs, but it may also reset progress toward forgiveness and capitalize outstanding interest. Consider the trade-offs before consolidating.

Consolidation is generally not reversible. If you are pursuing Public Service Loan Forgiveness or income-driven forgiveness, understand how consolidation affects your qualifying-payment count before you apply.

Default, Delinquency, and Getting Back on Track

Your account becomes delinquent the day after you miss a payment. Continued non-payment can lead to default, generally after 270 days of non-payment on federal loans. Default has serious consequences, including acceleration of the entire balance, loss of eligibility for deferment and forbearance, collection costs, withholding of tax refunds and wages, and damage to your credit.

If you are struggling, contact us before you fall behind. Options to avoid default include switching to an income-driven plan, deferment, or forbearance. If you are already in default, loan rehabilitation (a series of agreed, on-time payments) or consolidation may help you return to good standing and restore benefits.

Late payments and default are reported to the nationwide consumer reporting agencies and can significantly affect your credit. We report accurate account status as required by law; you may dispute information you believe is inaccurate.

Payment Methods and Autopay

You can pay online, by phone, by mail, or through automatic debit (autopay). Enrolling in autopay typically reduces your interest rate by 0.25% and helps you avoid missed payments. You may make extra payments at any time without penalty; to target a specific loan or to apply an extra amount to principal, include written instructions, otherwise extra funds may advance your due date.

If you pay more than the amount due, we apply the additional amount according to your instructions or, absent instructions, in a manner that may reduce your principal. Confirm in the portal that extra payments were applied as you intended.

Avoiding Student Loan Scams

You never have to pay for help with your federal student loans. Be cautious of companies that charge fees to enroll you in free federal programs, promise instant loan forgiveness, or ask for your federal student aid account credentials. We and the U.S. Department of Education will never ask you to share your account password.

To apply for repayment plans, consolidation, deferment, forbearance, or forgiveness, contact us directly or use the official federal student aid website at no cost. Report suspected scams to the Federal Trade Commission.

24-Month Payment History

Month	Payment	Month	Payment	Month	Payment
Jun 2024	\$295.00	Feb 2025	\$295.00	Oct 2025	\$295.00
Jul 2024	\$295.00	Mar 2025	\$295.00	Nov 2025	\$295.00
Aug 2024	\$295.00	Apr 2025	\$295.00	Dec 2025	\$295.00
Sep 2024	\$295.00	May 2025	\$295.00	Jan 2026	\$295.00
Oct 2024	\$295.00	Jun 2025	\$295.00	Feb 2026	\$295.00
Nov 2024	\$295.00	Jul 2025	\$295.00	Mar 2026	\$295.00
Dec 2024	\$295.00	Aug 2025	\$295.00	Apr 2026	\$295.00
Jan 2025	\$295.00	Sep 2025	\$295.00	May 2026	\$295.00

All payments were made on time via autopay. On-time payment history supports progress toward income-driven forgiveness and, for qualifying borrowers, Public Service Loan Forgiveness.

Exit Counseling Summary

When you leave school or drop below half-time enrollment, federal regulations require exit counseling to help you understand your repayment obligations. This summary recaps key points: know who your servicer is and how to contact us; know your total balance, interest rates, and the date your first payment is due; choose a repayment plan that fits your budget; and keep your contact information current so you receive important notices.

Budgeting for repayment helps you avoid missed payments. Estimate your monthly payment under each plan, compare it to your expected income and expenses, and build a small buffer for months with unexpected costs. If your income is low relative to your balance, an income-driven plan can keep payments affordable while you stabilize.

Make every payment on time, ideally through autopay. On-time payments protect your credit and, for borrowers pursuing Public Service Loan Forgiveness or income-driven forgiveness, count toward the qualifying-payment total.

Federal Loan Program Reference

Loan program	Who it is for	Interest while in school	Origination fee
Direct Subsidized	Undergraduates with financial need	Paid by the government in school/grace	~1.057%

Loan program	Who it is for	Interest while in school	Origination fee
Direct Unsubsidized	Undergraduate and graduate students	Accrues; borrower responsible	~1.057%
Direct PLUS (Grad/Parent)	Graduate students and parents	Accrues; borrower responsible	~4.228%
Direct Consolidation	Borrowers combining federal loans	Fixed weighted-average rate	None

Rates and fees vary by the year a loan was first disbursed. Your specific rates appear in the Loan-Level Detail above.

Understanding the Grace Period

Most federal student loans have a six-month grace period after you graduate, leave school, or drop below half-time enrollment before repayment begins. Interest may accrue during the grace period on unsubsidized loans. Making interest payments during the grace period can prevent that interest from being capitalized when repayment starts.

Servicemember and Public Service Benefits

Federal student loan borrowers who are servicemembers may be eligible for benefits including an interest-rate cap under the Servicemembers Civil Relief Act, no-accrual of interest during certain periods of service in hostile areas, and military deferment. Public-service employees, including many hospital and government workers, may qualify for Public Service Loan Forgiveness after 120 qualifying payments. Contact us to learn whether you qualify and to certify your employment or service.

More Frequently Asked Questions

Q. How do I know which repayment plan I am on?

Your current plan appears at the top of this statement. Use the loan simulator to compare plans and contact us to switch.

Q. What happens if my income changes?

On an income-driven plan you can update your income between annual recertifications if your circumstances change, which may lower your payment.

Q. Will forgiven loan amounts be taxed?

Tax treatment of forgiven student loan amounts is set by federal law and has changed over time. Consult current guidance and a tax professional for your situation.

Q. How do extra payments help?

Extra payments reduce principal, which lowers the interest that accrues and can shorten your repayment. Specify principal-only to avoid advancing your due date.

Q. Can I change my due date?

Yes, contact us to request a due-date change that better aligns with your pay schedule.

Q. How do I certify employment for PSLF?

Submit the PSLF form with your employer's certification periodically; we will track your qualifying payments.

Q. What if I can't reach my servicer?

Use the borrower portal for many tasks; for unresolved issues, the FSA Ombudsman can assist with federal loans.

Q. How long will I keep these loans?

It depends on your plan, payments, and any forgiveness for which you qualify; the loan simulator can estimate your payoff timeline.

Glossary of Terms

Term	Definition
Annual Percentage Rate (APR)	The yearly cost of credit expressed as a percentage, used for loans and credit cards.
Annual Percentage Yield (APY)	The total amount of dividends or interest earned on a deposit in one year, expressed as a percentage, reflecting compounding.

Term	Definition
Available balance	The amount in your account available for immediate withdrawal, after holds and pending items.
Business day	Every day except Saturdays, Sundays, and federal holidays.
Posting date	The date a transaction is applied to your account; it may differ from the date the transaction occurred.
Preauthorized transfer	A recurring electronic credit or debit you have authorized in advance, such as direct deposit or autopay.
Available credit	On a revolving account, the credit limit minus the current balance and any pending authorizations.
Subsidized loan	A federal loan on which the government pays interest during school and certain periods.
Unsubsidized loan	A federal loan on which interest accrues at all times and is the borrower's responsibility.
Grace period	A period after leaving school before repayment begins, typically six months.
Qualifying payment	An on-time, full payment under an eligible plan that counts toward forgiveness.
Recertification	The annual process of updating income and family size on an income-driven plan.
Rehabilitation	A process to bring a defaulted loan back into good standing through agreed payments.
Origination fee	A fee deducted from each loan disbursement when the loan is made.
Weighted-average rate	The blended rate used when federal loans are consolidated.
Discretionary income	Income above a protected threshold used to compute income-driven payments.
PSLF	Public Service Loan Forgiveness for qualifying public-service employees after 120 payments.

Student Loan Servicing Disclosures

Role of your servicer. Cornerstone Education Loan Services services your loans on behalf of the loan holder. We process your payments, answer your questions, and help you manage repayment, including changing repayment plans and applying for deferment, forbearance, or forgiveness programs for which you may qualify.

How payments are applied. Unless you direct otherwise, your monthly payment is applied first to any outstanding fees, then to accrued interest, then to principal, and is allocated across your loans in proportion to their balances. You may instruct us in writing to target extra payments to a specific loan.

Interest and capitalization. Interest accrues daily on your unpaid principal. Unpaid interest may be capitalized (added to principal) at certain times, such as at the end of a deferment or forbearance or when you leave certain income-driven plans, which increases the principal on which future interest accrues.

Repayment plans. You may be eligible for several repayment plans, including Standard, Graduated, Extended, and income-driven plans that base your payment on income and family size. Changing plans may change your monthly payment and the total amount you repay over time.

Deferment and forbearance. Under certain conditions you may temporarily postpone or reduce payments through deferment or forbearance. Interest generally continues to accrue and may be capitalized. Contact us before you miss a payment to discuss your options.

Forgiveness and discharge. Programs such as Public Service Loan Forgiveness and income-driven forgiveness may discharge remaining balances after qualifying payments. Eligibility rules are detailed and specific; contact us or visit the official federal student aid website to learn more.

Borrower rights and the ombudsman. You have the right to clear information about your loans, to dispute errors, and to escalate unresolved concerns to the Federal Student Aid Ombudsman Group. Notify us in writing of any error within the timeframes provided by law and we will investigate.

How to Read This Statement

The **Account Summary** shows your principal balance, interest rate, monthly payment, and payoff figures. **Payment Activity** lists each payment and how it was split between principal, interest, escrow, and fees. The **Amortization Schedule** projects how future payments reduce your balance. Year-end tax information, where applicable, is summarized for your records.

Electronic Records and Signatures (E-SIGN) Consent

Scope. By enrolling in electronic delivery you consent to receive statements, disclosures, notices, tax forms, and other communications from Cornerstone Education Loan Services electronically, through the borrower portal at studentaid.example or by email, instead of on paper.

Hardware and software. To access and retain electronic records you need a current web browser, internet access, a valid email address, and the ability to view and save PDF documents. Standard message and data rates may apply.

Withdrawing consent. You may withdraw your consent to electronic delivery at any time and request paper copies by contacting us; a per-item fee may apply for paper copies as shown in the Schedule of Fees and Charges. Withdrawing consent will not affect the legal validity of records provided electronically before withdrawal.

Keeping records current. You agree to keep your email address and contact information current so that we can deliver electronic records to you. We are not responsible for non-delivery caused by an out-of-date address.

Retention. Electronic records remain available for at least the period required by law and generally for the most recent statement periods through online banking; you should download and retain copies for your records.

Borrower Rights, Complaints, and the Ombudsman

You have the right to clear information about your loans, your repayment options, and how your payments are applied; to request a different repayment plan; to apply for deferment, forbearance, and forgiveness for which you qualify; and to dispute errors. To dispute an error, write to us with your account number and a description of the issue; we will investigate and respond as required.

If we cannot resolve your concern, you may contact the Federal Student Aid Ombudsman Group for assistance with federal student loans. Keep records of your payments, plan applications, and communications.

Frequently Asked Questions

Q. Will I receive a 1098-E every year?

Yes, if you pay \$600 or more in student loan interest in a year, you will receive a Form 1098-E. If you pay less, you can still find the interest paid in your account portal.

Q. How do I lower my monthly payment?

You may qualify for an income-driven plan that bases payments on your income and family size, or an extended plan. Contact us to compare options.

Q. How is my payment split among my loans?

Your single payment is generally allocated across your loans in proportion to their balances after interest and fees, unless you direct extra toward a specific loan.

Q. Does autopay help?

Enrolling in autopay typically reduces your interest rate by 0.25% and helps you avoid missed payments.

Q. How do I get a copy of my year-end statement?

Your year-end statement showing interest received is available in the borrower portal and is furnished by January 31 for the prior calendar year.

Glossary of Terms

Term	Definition
Annual Percentage Rate (APR)	The yearly cost of credit expressed as a percentage, used for loans and credit cards.
Annual Percentage Yield (APY)	The total amount of dividends or interest earned on a deposit in one year, expressed as a percentage, reflecting compounding.
Available balance	The amount in your account available for immediate withdrawal, after holds and pending items.
