Uniform Residential Appraisal Report — Individual Condominium Unit
88 Broad Street, Boston, MA 02110

October 21, 2025
Charles River Home Loans, LLC — Refinance Underwriting
P.O. Box 9920, Boston, MA 02205

Re: Appraisal of 148 Marlborough Street, Unit 3, Boston, MA 02116

In accordance with your request, we have personally inspected and appraised the above-referenced condominium unit for the purpose of estimating its market value as of the effective date, in connection with a proposed rate-and-term refinance. The appraisal was developed and reported in conformity with the Uniform Standards of Professional Appraisal Practice (USPAP).

OPINION OF MARKET VALUE	
Subject property	148 Marlborough Street, Unit 3, Boston, MA 02116
Property type	Attached condominium unit (mid-rise, 1900s brownstone conversion)
Effective date of value	October 18, 2025
Interest appraised	Fee simple (condominium)
Indicated value — Sales Comparison Approach	\$361,000.00
Indicated value — Cost Approach	Not developed (see report)
Indicated value — Income Approach	\$358,000.00
Reconciled opinion of market value	\$361,000.00

Based on the analysis described in the attached report, the market value of the fee simple interest in the subject unit, as of October 18, 2025, is reasonably estimated at **\$361,000.00**. This opinion is subject to the assumptions and limiting conditions and the appraiser's certification contained herein.

Respectfully submitted,

Margaret E. Donnelly, MA Certified Residential Appraiser, License #RA-7741

Subject Property & Assignment

Property address	148 Marlborough Street, Unit 3, Boston, MA 02116
Legal description	Unit 3, The Marlborough Brownstone Condominium, Master Deed Bk 41882 Pg 119
Owner of record	Declan R. Brennan
Occupancy	Owner-occupied
Assessor parcel #	0501-148-MARL-U3
Tax / assessed value (FY2025)	\$388,900.00 (assessment lags market)
Real estate taxes (annual)	\$4,360.00
HOA / condo fee	\$642 / month
Project name	The Marlborough Brownstone Condominium (9 units)
Year built / converted	1898 / converted 2015
Gross living area	1,180 sq ft (per plans)
Rooms / bedrooms / baths	4 / 2 / 2.0
Parking	1 deeded tandem space (rear)
Purpose of appraisal	Estimate market value for proposed refinance
Intended user	Charles River Home Loans, LLC (lender/client)

The subject is a 1,180 square foot, two-bedroom, two-bath condominium unit on the third floor of a nine-unit brownstone conversion in the Back Bay neighborhood of Boston. The unit was purchased by the current owner in 2022-05 for \$448,000.00 near the market peak. The estimate of value reflects current market conditions described in the following sections, including a material special assessment levied against the association.

Neighborhood & Market Conditions

Neighborhood: Back Bay / lower Marlborough Street corridor. The area is an established, fully built-up urban neighborhood of converted brownstone condominiums, mixed with rental apartments and ground-floor retail. Marketability is generally good; however, the segment of small-conversion two-bedroom units has softened materially since 2022.

Market trend

Comparable two-bedroom conversion units that traded in 2021–2022 at \$440,000.00–\$465,000.00 have, in the trailing twelve months, traded in the \$345,000.00–\$372,000.00 range. The decline reflects (1) the rise in mortgage interest rates and the resulting contraction in buyer purchasing power for this entry-luxury segment, and (2) elevated condo-fee and special-assessment burdens that have disproportionately affected small associations. Marketing times have extended from under 30 days to 75–110 days.

Special assessment — material value influence

The Marlborough Brownstone Condominium Association levied a special assessment in 2024 to fund façade restoration, structural repointing, and roof replacement mandated following a municipal envelope inspection. The total assessment of approximately \$3.7M across nine units results in a per-unit obligation of roughly \$410,000 spread over the project, with the subject unit's share financed through increased monthly contributions. Buyers in this market have discounted units carrying active special assessments by an estimated 8%–12%, which is reflected in the comparable selection and adjustments that follow.

Highest and best use

The present use as an owner-occupied residential condominium unit is the highest and best use, as improved and as zoned.

ONE-YEAR PRICE TREND — 2BR CONVERSION UNITS (BACK BAY)	
Median sale price, trailing 12 months	\$358,500.00
Median sale price, prior 12 months	\$421,000.00
Approximate change	–14.8%
Median days on market (current)	92 days
Months of supply	5.8 (buyer-favorable)

Sales Comparison Approach

Six closed sales of comparable two-bedroom conversion condominium units in the immediate market area were analyzed. Adjustments reflect paired-sales analysis for differences in location, size, condition, parking, condo fee burden, and — significantly — the presence or absence of an active special assessment. Comparables with no special assessment are adjusted downward to the subject, which carries one.

Comparable Sales 1–3

Feature	Subject	214 Marlborough St #2	31 Gloucester St #4	160 Commonwealth Ave #3R
Sale price	—	382,000	349,500	388,000
Sale date	—	08/2025	09/2025	07/2025
Proximity	—	0.2–0.6 mi	0.2–0.6 mi	0.2–0.6 mi
GLA (sq ft)	1,180	1,210	1,095	1,260
Bed/Bath	2 / 2.0	2 / 2.0	2 / 2.0	2 / 2.0
Parking	1 deeded	Yes	No	Yes
Condo fee /mo	\$642	\$709	\$706	\$579
Special assessment	Active	None (–)	Active (–)	None (–)
Condition	Average	Average	Average	Average
Net adjustment	—	–24,000	+13,500	–28,000
Adjusted value		358,000	363,000	360,000

Comparable Sales 4–6

Feature	Subject	47 Hereford St #5	295 Beacon St #2	118 Marlborough St #4
Sale price	—	356,000	344,000	371,500
Sale date	—	10/2025	09/2025	06/2025
Proximity	—	0.2–0.6 mi	0.2–0.6 mi	0.2–0.6 mi
GLA (sq ft)	1,180	1,150	1,060	1,205
Bed/Bath	2 / 2.0	2 / 2.0	2 / 2.0	2 / 2.0
Parking	1 deeded	No	No	Yes
Condo fee /mo	\$642	\$582	\$661	\$628
Special assessment	Active	Active (–)	Active (–)	None (–)
Condition	Average	Average	Average	Average
Net adjustment	—	+10,000	+11,000	–9,500
Adjusted value		366,000	355,000	362,000

INDICATED VALUE — SALES COMPARISON APPROACH	
Range of adjusted values	\$355,000 – \$366,000
Greatest weight	Comps 1, 3 and 6 (most similar; special-assessment-adjusted)
Indicated value	\$361,000.00

The adjusted values cluster tightly around the reconciled figure. Comparables without an active special assessment required meaningful downward adjustment to reflect the subject's outstanding assessment obligation, consistent with observed buyer behavior in this submarket.

Cost & Income Approaches

Cost Approach

The cost approach was not developed as a primary indicator of value. For an individual unit in an established 1898 brownstone conversion, land value is not separable in a meaningful way and reproduction cost less depreciation is not a reliable indicator for this property type. Market participants rely on the sales comparison approach.

Income Approach

A secondary income analysis was performed given the prevalence of investor activity in the area.

INCOME APPROACH (SECONDARY)	
Estimated market rent (monthly)	\$2,950.00
Gross rent multiplier (market-derived)	122
Indicated value (rent × GRM)	\$358,000.00
Reliability	Supportive; secondary to sales comparison

Reconciliation & Final Value Opinion

The sales comparison approach is the most reliable indicator of value for this property type and is given primary weight. The income approach is supportive. The cost approach was not developed. Weighing the quality and comparability of the data, the reconciled opinion of market value of the subject, as of October 18, 2025, is:

FINAL OPINION OF MARKET VALUE	
Reconciled market value (fee simple)	\$361,000.00
As of effective date	October 18, 2025
Exposure time	90–120 days

For context, the owner acquired the unit in 2022-05 for \$448,000.00. The current opinion of value is below that purchase price, reflecting the market and special-assessment factors discussed above. This appraisal expresses an opinion of value only and is not a guarantee.

Comparable Sales Market Study — Area Condominium Sales (24 Months)

Recorded closed sales of two-bedroom conversion and similar condominium units within approximately one mile of the subject over the trailing twenty-four months, compiled from the multiple listing service and registry of deeds for market support. Sales are sorted by close date.

Median — 300 area sales	—	358,500.00	1,168	\$307	92

The subject's reconciled value of \$361,000.00 sits just below the 24-month median and is well supported by the central tendency of these sales after consideration of the subject's active special assessment and the declining-price trend over the period.

Competing Inventory — Active, Pending & Recently Closed Listings

Current and recent competing listings within the market area, used to bracket the subject and to gauge supply and pricing momentum.

227 Commonwealth Ave #3	Withdrawn	380,000.00	109	1,014	Active

Active inventory exceeds the pace of absorption, and listings carrying an active special assessment cluster at the lower end of the range — consistent with the subject's position.

Quarterly Market Statistics — Trailing Eight Quarters

Quarter	Closed sales	Median price	Median \$/sf	Median DOM	Months supply	List-to-sale
Q1 2024	41	\$418,000	\$351	44	3.6	99.4%
Q2 2024	47	\$409,500	\$346	51	3.9	98.7%
Q3 2024	39	\$396,000	\$337	58	4.3	98.0%
Q4 2024	33	\$384,000	\$326	66	4.8	97.3%
Q1 2025	29	\$372,500	\$317	72	5.1	96.8%
Q2 2025	31	\$366,000	\$311	78	5.3	96.1%
Q3 2025	27	\$360,000	\$307	88	6.0	95.6%
Q4 2025 (partial)	12	\$356,500	\$304	94	6.4	95.2%

Median price has declined approximately 15% over the eight quarters while months of supply has risen from 3.6 to 6.4 and days on market have roughly doubled — a clearly declining market for the subject’s segment, supporting the time and condition adjustments.

Market Study Methodology & Data Sources

Sales and listing data were compiled from the regional multiple listing service and the Suffolk County Registry of Deeds, filtered to condominium units of comparable size, age, and type within approximately one mile of the subject and closed within the trailing twenty-four months. Price-per-square-foot, days-on-market, and absorption figures were computed from the filtered set. Outliers (non-arm's-length transfers, gut-renovation flips, and units materially larger than the subject) were reviewed and excluded from the central-tendency measures where appropriate.

Subject Improvements & Site Detail

Room-by-Room Detail

Room	Level	Approx. size	Finish / condition
Living room	3rd floor	16 × 14	Hardwood, original molding; average
Kitchen	3rd floor	10 × 9	Quartz/stainless, 2015 reno; good
Dining area	3rd floor	11 × 9	Open to living; average
Primary bedroom	3rd floor	14 × 12	Carpet; en-suite bath; average
Second bedroom	3rd floor	10 × 9	No closet; used as nursery; average
Primary bath	3rd floor	8 × 6	Tile, single vanity; average
Hall bath	3rd floor	6 × 5	Tub/shower; average
Entry / hall	3rd floor	—	Shared building stair; average
Storage	Basement	—	Assigned cage; adequate

Site, Zoning & Utilities

Zoning	Residential (Boston, multi-family/condo); legal conforming
Site / common land	Condominium common area; no separate lot for unit
Flood zone	Zone X — outside Special Flood Hazard Area
Utilities	Public water/sewer, gas heat, electric; all public
Heating / cooling	Gas forced hot water; window/split A/C
FEMA map / panel	25025C0091H
Nuisances / easements	Typical urban; none adverse noted
View	Residential street / interior court; typical

Comparable Rentals (Income Approach Support)

Rental address	Beds/Baths	GLA	Monthly rent	Rent/sq ft
77 Marlborough St #3	2 / 1.0	1,050	\$2,850	\$2.71
12 Gloucester St #2	2 / 2.0	1,160	\$3,050	\$2.63
240 Newbury St #5	2 / 1.0	1,090	\$2,900	\$2.66
188 Commonwealth Ave #2	2 / 2.0	1,220	\$3,150	\$2.58
Indicated market rent — subject	2 / 2.0	1,180	\$2,950	\$2.50

Adjustment Support — Paired Sales Analysis

Adjustments applied in the sales comparison grid are supported by the following paired-sales and market-derived analyses.

Adjustment factor	Basis	Applied adjustment
Special assessment (active vs none)	Paired sales 214 Marlborough vs 31 Gloucester indicate an 8–11% discount for active assessments	–\$24,000 to –\$32,000 (to comps without assessment)
Gross living area	Market-extracted at ~\$95–\$120 per sq ft of difference	\$95 / sq ft
Parking (deeded space)	Paired sales with/without parking in area	\$30,000
Condition / updates	Bracketed; subject average vs updated comps	\$0–\$8,000
Date of sale / market change	Declining trend ~1.2% per month over period	–1.2% / month
Condo fee differential	Capitalized fee difference at market multiple	\$2,000–\$5,000

The largest single adjustment is for special-assessment status, which is the dominant value driver distinguishing the subject from otherwise-superior comparables. The magnitude is supported by direct paired-sales evidence within the same submarket and, where available, the same street.

Comparable Sale Distances & Orientation

Comparable 1 — 0.1 mi NE; Comparable 2 — 0.4 mi W; Comparable 3 — 0.2 mi N; Comparable 4 — 0.5 mi W; Comparable 5 — 0.3 mi NW; Comparable 6 — 0.1 mi E. All comparables are within the subject's immediate, competitive market area and required no location adjustment except where noted for superior avenue frontage.

Definition of Market Value & Scope of Work

Definition of Market Value

Market value means the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised and acting in what they consider their own best interests; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

Scope of Work

The scope of work for this assignment included a personal interior and exterior inspection of the subject unit; inspection of the common areas of the condominium project; research of public records, the multiple listing service, and condominium association documents; verification of comparable sales through at least one party to each transaction or a reliable data source; development of the sales comparison and income approaches; and reconciliation to a final opinion of value. The cost approach was excluded as not meaningful for this property type. The appraisal was performed in conformity with USPAP and the client's stated requirements.

Intended Use & Users

The intended use is to assist the lender/client in evaluating the subject for a proposed refinance. The intended user is Charles River Home Loans, LLC. No other use or user is intended.

Condominium Project Analysis

Project name	The Marlborough Brownstone Condominium
Total units in project	9
Stories	5 (brownstone)
Year built / converted	1898 / 2015
Units sold / closed	9 of 9
Owner-occupancy ratio	approx. 67%
Units for sale	1 (active)
Units rented	3
HOA monthly fee (subject)	\$642
Management	Self-managed with contracted agent
Right of first refusal	None
Commercial space	None
Pending litigation	None known
Adequate reserves	Below recommended — see assessment
Master insurance	In force (Bay State Mutual)
Special assessment	Active — facade/structural

Association Operating Budget (Summary)

Line item	Annual amount
Regular assessment income (9 units)	\$69,336
Master insurance premium	\$22,140
Utilities — common areas	\$8,760
Cleaning & landscaping	\$11,400
Repairs & maintenance	\$14,250
Management & administration	\$7,200
Reserve contribution	\$5,386
Special assessment — facade/structural (total project)	\$3,700,000
Subject unit allocated share	approx. \$410,000

The association carries an active special assessment to fund mandated facade restoration and structural repointing. The magnitude of the assessment relative to the small unit count is a material negative influence on unit values and on marketability, and is reflected throughout this report.

Market Conditions Addendum (Form 1004MC)

Inventory and price trends for competing two-bedroom conversion condominium units in the defined market area, by prior period.

Indicator	Prior 7–12 mo	Prior 4–6 mo	Current 0–3 mo	Trend
Total # of comparable sales	19	11	7	Declining
Absorption rate (sales/month)	3.2	3.7	2.3	Declining
Total # of active listings	14	17	21	Increasing
Months of housing supply	4.4	4.6	9.1	Increasing
Median comparable sale price	\$381,000	\$366,500	\$358,500	Declining
Median comparable days on market	48	71	92	Increasing
Median sale-to-list ratio	99.1%	97.2%	95.4%	Declining

The data indicate a declining-price, increasing-inventory market for the subject's segment over the trailing twelve months, with median prices down approximately 14–15% and supply roughly doubling. This supports the downward adjustments and the reconciled value.

Comparable Sales — Appraiser Commentary

- Comparable 1 (214 Marlborough St #2): Most similar in location and size; carried no special assessment and required a downward adjustment of \$24,000 to reflect the subject's assessment.
- Comparable 2 (31 Gloucester St #4): Similar assessment status; smaller GLA, adjusted upward.
- Comparable 3 (160 Commonwealth Ave #3R): Superior avenue location and larger; adjusted downward for both size and absence of a special assessment.
- Comparable 6 (118 Marlborough St #4): Same street; minor net adjustment; given strong weight.

Photograph & Exhibit Description Addendum

The following exhibits accompany the report file. Descriptions are provided where image reproduction is not included in this printed copy.

Exhibit	Description
Subject — front elevation	Five-story brick brownstone facade; restoration scaffolding present on the upper floors.
Subject — street scene	Tree-lined Marlborough Street looking east; on-street permit parking; mixed residential.
Subject — living room	South-facing living room, original moldings, hardwood floors, decorative (non-working) fireplace.
Subject — kitchen	Updated galley kitchen (2015 conversion), quartz counters, stainless appliances.
Subject — primary bedroom	Rear-facing bedroom with en-suite bath; average condition.
Subject — second bedroom	Interior bedroom, no closet, used as nursery.
Subject — baths (2)	One full en-suite; one hall full bath; tile in average condition.
Subject — deeded parking	Tandem space at rear of building accessed off the alley.
Common areas	Shared entry vestibule and stair hall; facade work in progress per association.
Comparable 1–6 — front views	Street-view photographs of each comparable retained in the work file.
Location map	Subject and six comparables plotted within an approximate 0.6-mile radius.
Flood map	Subject not located within an identified Special Flood Hazard Area (Zone X).
Floor plan sketch	Approximate unit layout, 1,180 sq ft, 4 rooms / 2 bedrooms / 2.0 baths.

Special Assessment Addendum

This addendum summarizes the active special assessment disclosed by the condominium association and its treatment in the valuation.

Levied by	The Marlborough Brownstone Condominium Association
Date levied	2024 (multi-year project)
Purpose	Facade restoration, structural repointing, roof replacement
Trigger	Municipal building-envelope inspection findings
Total project assessment	approx. \$3,700,000
Subject unit allocated share	approx. \$410,000
Collection method	Increased monthly contributions / financed over project term
Status as of effective date	Active and ongoing
Effect on marketability	Extended marketing times; buyer discounts of 8%–12% observed

Market participants have demonstrated clear price sensitivity to active special assessments in small associations, where the per-unit burden is large. The appraiser has reflected this influence by selecting and adjusting comparables on the basis of assessment status rather than ignoring it. Absent the special assessment, the indicated value of the subject would be meaningfully higher; with the assessment in place, the reconciled value is \$361,000.00.

Cost Approach Detail & Active Market

Cost Approach (Developed for Completeness)

While not relied upon for an individual unit in an established conversion, the cost approach is summarized for completeness.

COST APPROACH SUMMARY	
Estimated reproduction cost of improvements (unit share)	\$372,000.00
Less: physical depreciation (effective age / economic life)	(58,000.00)
Less: external obsolescence (special assessment / market)	(41,000.00)
Plus: pro-rata land / common interest (nominal)	\$88,000.00
Indicated value — cost approach (not relied upon)	\$361,000.00

Competing Active Listings & Pending Sales

Address	Status	List price	DOM	Beds/Baths	Notes
161 Marlborough St #3	Active	\$369,000	118	2 / 2.0	No assessment
22 Hereford St #2	Active	\$352,500	64	2 / 1.0	Smaller
304 Beacon St #4	Pending	\$358,000	71	2 / 2.0	Assessment active
55 Gloucester St #1	Active	\$374,900	132	2 / 2.0	Garden level
210 Commonwealth #5	Pending	\$366,000	49	2 / 2.0	Superior location
98 Marlborough St #2	Active	\$348,000	87	2 / 1.5	Assessment active

Active and pending inventory brackets the reconciled value and confirms a buyer-favorable market. Listings without an active assessment are priced at a premium to the subject's indicated value.

Highest & Best Use, Environmental Screening & Area Calculation

Highest & Best Use Analysis

As vacant: the underlying land is part of the condominium common interest and cannot be separately developed; analysis as vacant is not applicable to an individual unit. As improved: the existing use as a residential condominium unit is legally permissible, physically possible, financially feasible, and maximally productive. The highest and best use, as improved, is continuation of the present residential condominium use.

Environmental & Hazard Screening

During the normal course of the inspection the appraiser observed no readily apparent evidence of hazardous substances, soil contamination, or environmental conditions affecting the subject. The building is undergoing facade/structural restoration under the association's special assessment; the appraiser is not a structural engineer and relies on the association's representations regarding scope and adequacy. No representation is made regarding the presence of lead paint, asbestos, radon, or mold, none of which were apparent.

Gross Living Area Calculation

Area	Dimensions	Square feet
Main living / dining	approx. 27 × 14	378
Kitchen	10 × 9	90
Primary suite (bed + bath)	20 × 14	280
Second bedroom	10 × 9	90
Hall, bath, closets, circulation	—	342
Total gross living area (rounded)	—	1,180

Gross living area is measured from approximate interior dimensions per the unit plans and field measurement, rounded to the nearest ten square feet, consistent with ANSI guidelines for condominium units.

Prior Sales / Transfer History (3-Year)

USPAP requires analysis of any prior transfers of the subject and comparables within the applicable look-back period.

Property	Prior transfer date	Prior price	Current sale	Notes
Subject — 148 Marlborough #3	2022-05-20	448,000.00	Not listed	Owner-occupied since purchase
Comp 1 — 214 Marlborough #2	04/2021	\$451,000	\$382,000	Prior cycle peak
Comp 3 — 160 Commonwealth #3R	07/2022	\$462,500	\$388,000	Declined since peak
Comp 6 — 118 Marlborough #4	11/2020	\$438,000	\$371,500	Two-cycle hold
Comp 2 — 31 Gloucester #4	—	No prior transfer (3 yr)	\$349,500	—
Comp 5 — 295 Beacon #2	02/2023	\$372,000	\$344,000	Recent decline

The subject's prior transfer was its 2022-05 purchase for \$448,000.00. The current opinion of value of \$361,000.00 is below that price, consistent with the prior-sale history of the comparables, which uniformly reflect declines from 2020–2022 peak pricing.

Reasonable Exposure & Marketing Time

Based on current absorption and days-on-market data for the subject's segment, a reasonable exposure time preceding the effective date, and a prospective marketing time, are each estimated at approximately 90 to 120 days at the concluded value.

Statement of Assumptions & Limiting Conditions

- 1 The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it. The appraiser assumes that the title is good and marketable and does not render opinions about the title.
- 2 The property is appraised on the basis of it being under responsible ownership.
- 3 Any sketch provided in the report shows approximate dimensions and is included only to assist the reader in visualizing the property.
- 4 The appraiser has examined the available flood maps and noted whether the subject is located in an identified Special Flood Hazard Area. The appraiser is not a surveyor and makes no guarantees.
- 5 The appraiser is not required to give testimony or appear in court because of having made the appraisal unless specific arrangements have been made beforehand.
- 6 The appraiser has based the appraisal on the assumption that there are no hidden or unapparent conditions of the property, subsoil, or structures that render it more or less valuable. The appraiser assumes no responsibility for such conditions or for engineering that might be required.
- 7 The appraiser obtained information, estimates, and opinions from sources believed reliable and believes them to be true and correct; the appraiser does not assume responsibility for their accuracy.
- 8 The appraiser will not disclose the contents of this report except as provided for in USPAP.
- 9 The appraiser has noted in this report any adverse conditions observed during the inspection or of which the appraiser became aware in the normal research; the appraiser has no knowledge of hidden defects. The appraiser makes no guarantees, express or implied, regarding the condition of the property.
- 10 An active special assessment levied by the condominium association has been disclosed to the appraiser and is reflected in the analysis. The appraiser has relied on association documentation for the amount and status of the assessment and does not warrant its completeness.
- 11 The opinion of value is as of the effective date stated and assumes a sale after reasonable market exposure. Market conditions may change after the effective date, and the appraiser is not responsible for changes in value due to subsequent events.
- 12 Possession of this report, or a copy thereof, does not carry with it the right of publication.

Appraiser's Certification

- I have, to the best of my knowledge and belief, stated the facts contained in this report correctly.
- The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
- I have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved.
- I have no bias with respect to the property or to the parties involved with this assignment.
- My engagement and compensation are not contingent upon developing or reporting predetermined results, or a value that favors the cause of the client, or the amount of the value opinion.
- My analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice.
- I have made a personal inspection of the property that is the subject of this report.
- No one provided significant real property appraisal assistance to the person signing this certification.
