This figure does not include any future taxes, fees, excess mileage, or excess wear charges that may apply, or any early-termination amount (see the Early Termination section).

REMAINING OBLIGATION DETAIL	
Scheduled monthly payment	\$612.43
Number of payments remaining	× 22
Remaining base payment obligation	\$13,473.46
Payments made to date (14 × \$612.43)	\$8,574.02
Total of all base monthly payments (36 mo)	\$22,047.48

Federal Consumer Leasing Act Disclosures

The following disclosures are provided under the Federal Consumer Leasing Act and Regulation M, as of lease inception (September 2024).

Amount Due at Lease Signing or Delivery	Monthly Payments
Capitalized cost reduction: \$2,900.00	Your first monthly payment of \$612.43 is due at signing,
First monthly payment: \$612.43	followed by 35 payments of \$612.43 due on the
Acquisition fee: \$995.00	9th of each month. The total of your monthly payments is
Title, registration, fees: \$650.00	\$22,047.48.
Total due at signing: \$5,157.43	

Other Charges & Total of Payments

PAYMENT CALCULATION (Regulation M)	
Gross capitalized cost (agreed value + fees)	\$51,800.00

Capitalized cost reduction	(2,900.00)
Adjusted capitalized cost	\$48,900.00
Residual value (at lease end)	(31,080.00)
Depreciation & amortized amounts	\$17,820.00
Rent charge	\$4,227.48
Total of base monthly payments	\$22,047.48
Lease term	36 months
Base monthly payment	\$612.43

Your monthly payment is determined by adding the depreciation and amortized amounts to the rent charge, then dividing by the number of months in the term. Applicable taxes are included in the monthly payment shown. Early termination may result in a substantial charge; the amount can be significant and is calculated as described in the lease.

Payment Schedule — 36-Month Term

Scheduled payments from lease inception through the lease-end date. Payments through the statement date are marked posted; remaining payments comprise the remaining obligation.

Lease payments are drafted automatically each month from the lessee's Harbor Point checking account ending 7741. All payments are current. A late charge of 5% of the overdue payment (or \$25, whichever is greater) applies to payments more than ten days late.

Early Termination Disclosure

You may have to pay a substantial charge if you end this lease early. The charge may be up to several thousand dollars. The actual charge will depend on when the lease is terminated; the earlier you end the lease, the greater this charge is likely to be. The early termination amount is generally calculated as the unpaid lease balance (adjusted lease balance) plus any early-termination fee and unpaid amounts, less the realized value of the vehicle.

ILLUSTRATIVE EARLY-TERMINATION ESTIMATE (as of 10/20/2025)	
Remaining base payment obligation	\$13,473.46
Add: early termination fee	\$450.00
Add: disposition fee	\$395.00
Add: estimated unpaid taxes/fees	\$305.00
Add: adjustment to adjusted lease balance	\$2,700.00
Less: estimated realized vehicle value credit	(varies — by sale/return)
Estimated early-termination amount (before vehicle credit)	\$17,323.46

This estimate is illustrative only and is not a payoff quote. To obtain a binding early-termination or purchase-option quote, contact account servicing. The contractual obligation absent early termination is to make the remaining scheduled monthly payments shown above.

Purchase Option

You have the option to purchase the vehicle at lease end for the residual value of \$31,080.00, plus a purchase-option fee of \$350 and applicable taxes and fees. You may also have the option to purchase the vehicle before lease end for the adjusted lease balance plus

applicable amounts; contact servicing for a quote.

Insurance Requirement

You must maintain comprehensive and collision insurance with deductibles not exceeding \$1,000, plus liability coverage of at least the amounts required by your state, naming BMW Financial Services NA, LLC as loss payee and additional insured for the entire lease term.

Excess Wear & Use Standards

At lease end you are responsible for excess wear, which may include but is not limited to: tire tread below 1/8 inch; dents, scratches, or chips beyond a credit-card-sized area; cracked or pitted glass; missing equipment or keys; and mechanical damage. Charges are assessed per the standardized inspection at lease return.

Motor Vehicle Lease Agreement — Terms & Conditions

1. Agreement to lease

You agree to lease the vehicle from us under the terms of this agreement. This is a lease only; you acquire no ownership interest in the vehicle unless and until you exercise the purchase option and pay all amounts due.

2. Monthly payments

You agree to pay the base monthly payment shown, plus applicable taxes, on the due date each month for the full term. Payments are applied to amounts due in the order we determine, consistent with applicable law.

3. Late charges & dishonored payments

If a payment is more than ten days late, you agree to pay a late charge of 5% of the overdue payment or \$25, whichever is greater. A dishonored-payment fee applies if any payment is returned unpaid.

4. Maintenance & operation

You must maintain the vehicle in good operating condition per the manufacturer's recommendations, pay for all maintenance and repairs, and operate the vehicle lawfully. You may not modify the vehicle without our consent.

5. Insurance

You must maintain the insurance described in this agreement throughout the term. If you fail to do so, we may, but are not required to, obtain insurance and add the cost to your obligations.

6. Taxes & fees

You are responsible for all taxes, registration, title, license, and similar fees relating to the vehicle and this lease, whether due at signing or during the term.

7. Use & mileage

The mileage allowance is stated in the vehicle detail. At lease end you must pay the excess-mileage charge for each mile over the allowance.

8. Wear & use

You are responsible for excess wear and use as described in the excess wear standards. We will inspect the vehicle at or before lease end.

9. Default

You will be in default if you fail to make a payment when due, fail to maintain insurance, provide false information, or breach any other obligation. On default, we may, subject to applicable law, terminate the lease and repossess the vehicle, and you will owe the early termination amount.

10. Early termination

You may terminate early; you will owe the early termination charge described in the Early Termination Disclosure. We may also terminate early on your default.

11. End of term options

At the scheduled end of the term you may (a) return the vehicle and pay any end-of-term amounts, or (b) purchase the vehicle for the residual value plus the purchase-option fee and applicable taxes and fees.

12. Loss or damage; GAP

You bear the risk of loss or damage to the vehicle. If the vehicle is stolen or totaled, your insurance proceeds may be less than the amount you owe; the optional GAP waiver, if purchased, may cover that difference subject to its terms.

13. Assignment

We may assign this lease and our rights to a third party. You may not assign the lease, sublease, or transfer the vehicle without our written consent.

14. Indemnity

You agree to indemnify and hold us harmless from claims arising out of the possession, operation, or use of the vehicle during the term, except to the extent caused by our own conduct.

15. Warranties

We make no warranties, express or implied, regarding the vehicle. Any manufacturer's warranty is provided separately. The vehicle is leased 'as is' as to the lessor.

16. Notices & communications

Notices to you will be sent to your address on file. Keep your address current. You consent to electronic and telephone communications for servicing this lease.

17. Governing law & severability

This lease is governed by the law of the state where it was signed. If any provision is unenforceable, the remaining provisions remain in effect.

18. Entire agreement

This agreement, including the disclosures and any addenda, is the entire agreement between you and us regarding the lease and supersedes any prior understanding.

Addenda & State Disclosures

GAP waiver addendum

If you elected the optional Guaranteed Asset Protection (GAP) waiver, and the vehicle is declared a total loss or is stolen and not recovered, the waiver may cancel the difference between your primary insurance settlement and the amount you owe under the lease, subject to the GAP terms, exclusions, and any maximum benefit.

Maintenance program

Scheduled maintenance covered by the manufacturer's included maintenance program, if applicable, is provided per the manufacturer's terms. Wear items beyond the program are your responsibility.

Massachusetts disclosure

This is a closed-end lease. You will not owe the residual value at the end of the lease if you return the vehicle in the required condition and within the mileage allowance, except for amounts described in this lease such as excess wear and excess mileage.

Privacy

We collect and share information about you as described in our privacy notice. You may limit certain sharing as described in that notice.

Arbitration

This lease may contain an arbitration provision under which either party may elect to resolve disputes by binding individual arbitration rather than in court, subject to your right to reject as described in the provision.

Servicemembers Civil Relief Act

If you are or become a servicemember on active duty, you may be entitled to certain protections, including with respect to early termination of motor vehicle leases. Contact servicing for details and the documentation required.

Title & registration

The vehicle is titled and registered as required by your state. You must promptly forward to us any correspondence relating to title, registration, tolls, or citations.

Acknowledgment

By signing the lease at inception, the lessee acknowledged receipt of the Federal Consumer Leasing Act disclosures and agreement to the terms herein.

Lease-End Return Process

Schedule a pre-inspection

Within 60 days of lease end, schedule a complimentary pre-inspection. This lets you address excess-wear items before return, often at lower cost than the post-return assessment.

Gather all equipment

Return all keys, the charging cable (if applicable), cargo cover, owner's manuals, and any removable equipment that came with the vehicle.

Final inspection

An independent inspector documents the vehicle's condition and mileage. You will receive a report itemizing any excess wear and excess mileage charges.

Final billing

After return, we send a final statement showing the disposition fee, any excess wear and mileage charges, and any outstanding amounts. Payment is due as stated on that bill.

Purchase instead of return

If you prefer to keep the vehicle, contact servicing before lease end to exercise the purchase option for the residual value plus the purchase-option fee, taxes, and fees.

Definitions

Adjusted capitalized cost	The gross capitalized cost minus any capitalized cost reduction; the amount used to calculate the base monthly payment.
Base monthly payment	The portion of your monthly payment covering depreciation and the rent charge, before taxes.
Capitalized cost reduction	Any down payment, net trade-in, or rebate applied to reduce the capitalized cost at signing.
Closed-end lease	A lease in which you are not responsible for the residual value at normal lease end, provided the vehicle is returned in acceptable condition and within the mileage allowance.
Depreciation	The portion of the vehicle's value used up during the lease, recovered through your monthly payments.
Disposition fee	A fee charged at lease end if you return the vehicle rather than purchase it.
Excess mileage	Miles driven over the allowance, charged at the stated per-mile rate at lease end.
Excess wear	Damage or wear beyond the standards described in this agreement.

GAP waiver	An optional product that may waive the difference between insurance proceeds and the amount you owe if the vehicle is a total loss.
Realized value	The value of the vehicle at early termination, used to calculate the early termination charge; determined by sale, appraisal, or agreement.
Rent charge	The portion of your payments that is the cost of leasing, similar to interest on a loan.
Residual value	The vehicle's estimated value at the end of the lease, used to set payments and as the purchase-option price.

Motor Vehicle Lease Agreement — Additional Terms

19. Security deposit

No security deposit was required for this lease. If one had been required, it would be refundable at lease end less any amounts you owe.

20. Personal property

We are not responsible for any personal property left in or on the vehicle at repossession or return. You are responsible for removing your personal property.

21. Tolls & citations

You are responsible for all tolls, parking, and traffic citations incurred during the term. Administrative fees may apply if we must respond to such matters on your behalf.

22. Recalls & service campaigns

You agree to have manufacturer recalls and safety campaigns performed promptly. Failure to do so may affect the vehicle's condition assessment at lease end.

23. Relocation & out-of-state use

Notify us before moving the vehicle's primary garaging location to another state, as registration, tax, and insurance requirements may change.

24. Total loss

If the vehicle is declared a total loss, the lease will terminate when we receive the insurance proceeds and any GAP benefit. You remain responsible for amounts not covered.

25. Sublease & commercial use prohibited

You may not sublease the vehicle, use it as a livery or rideshare vehicle, or use it for any commercial purpose without our prior written consent.

26. Excess wear waiver

Certain lessees may be eligible for an excess-wear waiver product. If not purchased, all excess-wear charges apply as described.

27. Payment processing

Payments are processed in the order received. We may accept late or partial payments without waiving our rights or modifying this agreement.

28. Waiver

Our failure to exercise any right under this agreement is not a waiver of that right or any other right.

29. Successors

This agreement binds and benefits the parties and their permitted successors and assigns.

30. Survival of obligations

Your obligations to pay amounts due, to indemnify us, and to comply with end-of-term requirements survive the return or repossession of the vehicle.

Estimated total (excluding taxes already in payment, excess wear/mileage)	\$27,599.91
Purchase-option price at end (residual)	\$31,080.00

Frequently Asked Questions

Q: How much do I still owe on the lease?

A: As of the statement date you have 22 scheduled payments of \$612.43 remaining, a total remaining base obligation of \$13,473.46.

Q: Can I end the lease early?

A: Yes, but you may owe a substantial early-termination charge. See the Early Termination Disclosure for how the amount is calculated.

Q: What happens at the end of the lease?

A: You may return the vehicle and pay any end-of-term amounts, or purchase it for the residual value of \$31,080.00 plus the purchase-option fee and taxes.

Q: What if I drive more than my mileage allowance?

A: You will owe \$0.25 for each mile over the 30,000-mile total allowance, assessed at lease end.

Q: Is my payment going to change?

A: Your base monthly payment is fixed at \$612.43 for the term. Taxes are included in the payment shown.

Q: How do I get an exact payoff?

A: Contact account servicing for a binding early-termination or purchase-option payoff quote, which is valid for a limited time.

State-Specific Lease Disclosures

Massachusetts

This is a closed-end lease. You are responsible at lease end only for excess wear, excess mileage, the disposition fee, and any other amounts described in this lease, not the residual value. Massachusetts use tax is included in your monthly payment.

Connecticut

The total amount of any extra payment you must make at the end of the lease term, if the actual value of the vehicle is less than the residual value, is limited as provided by law for closed-end leases.

New York

The lessee may obtain, upon written request, the methodology used to determine the early termination liability. Any capitalized cost reduction is shown in the disclosures.

Rhode Island

A closed-end lease does not require payment of the residual value at lease end if the vehicle is returned in acceptable condition and within the mileage allowance.

New Hampshire

Excess wear and excess mileage charges, if any, are assessed at lease end based on the standardized inspection described in this agreement.

Maine

You have the right to an independent third-party appraisal of the vehicle's value at early termination, at your expense, which will be binding on the parties.

Vermont

Any portion of your payment attributable to taxes is shown separately upon request. The rent charge is disclosed in the payment calculation.

General

Where state law conflicts with a term of this agreement, the state-law requirement controls for vehicles garaged in that state.

This statement consolidates your lease account information and the disclosures and terms applicable to your closed-end motor vehicle lease. Retain for your records. BMW Financial Services NA, LLC.

Insurance, Total Loss & GAP Claim Process

Required coverage

You must maintain comprehensive and collision coverage with a deductible no greater than \$1,000, and liability coverage meeting your state's minimums, naming BMW Financial Services NA, LLC as loss payee and additional insured for the full term.

Proof of insurance

Provide proof of insurance at inception and upon request. If you fail to maintain required insurance, we may place insurance and add the cost to your obligations, which is typically more expensive than coverage you obtain yourself.

If the vehicle is damaged

Report damage to your insurer promptly and have repairs performed by a qualified shop using manufacturer-approved parts where required. You remain responsible for payments while the vehicle is being repaired.

If the vehicle is a total loss

If your insurer declares the vehicle a total loss or it is stolen and not recovered, notify us immediately. The lease terminates when we receive the insurance settlement and any applicable GAP benefit. You are responsible for any deductible and for amounts not covered by insurance or GAP.

GAP claim steps

If you purchased the optional GAP waiver: (1) file your primary insurance claim; (2) provide us the settlement breakdown and police report (if stolen); (3) we calculate the gap between the amount owed and the settlement; (4) eligible amounts are waived subject to the GAP terms, exclusions, and any maximum benefit and deductible cap.

Amounts not covered by GAP

GAP typically does not waive overdue payments, late charges, excess wear or mileage, or amounts attributable to a high deductible. Review your GAP addendum for the complete terms.

Motor Vehicle Lease Agreement — Further Terms

31. Operation & licensing

You must keep the vehicle properly registered and inspected and must hold a valid driver's license. You may not use the vehicle for any unlawful purpose or in any race or competition.

32. Geographic use

The vehicle must remain in the United States. Taking the vehicle outside the country for more than a short trip requires our prior written consent.

33. Modifications & accessories

You may not make modifications that cannot be removed without damage or that reduce the vehicle's value. Any permanent accessories become part of the vehicle and must remain at lease end.

34. Inspection rights

We or our agent may inspect the vehicle at any reasonable time to verify its condition and your compliance with this agreement.

35. Surrender on termination

On any termination, you must return the vehicle to a location we designate, in the condition required by this agreement, with all keys, equipment, and documents.

36. Repossession

On default, we may take the vehicle without notice where permitted by law, and you authorize us to enter property where the vehicle is located to do so, in a lawful manner.

37. Application of proceeds

Amounts received from any sale of the vehicle after termination are applied first to expenses of sale, then to amounts you owe, with any surplus paid to you and any deficiency owed by you, as permitted by law.

38. Your representations

You represent that the information in your lease application is true and that you are entering this lease for personal, family, or household use unless otherwise stated.

39. No oral changes

This agreement may be changed only in a writing signed by us. No oral statement by any person changes the terms of this agreement.

40. Joint and several liability

If more than one person signs as lessee, each is individually responsible for all obligations under this agreement.

41. Notices

Written notices to you are effective when mailed to your last address in our records. You must notify us promptly of any change of address.

42. Privacy

Your personal information is handled in accordance with our privacy notice, which describes the information we collect and how we share it.

43. Headings

Section headings are for convenience only and do not affect the meaning of any provision of this agreement.

44. Acceptance

Your signature on the lease, your taking delivery of the vehicle, or your making any payment constitutes your acceptance of all terms of this agreement.

Arbitration Provision (Full Text)

Scope

Any claim or dispute, whether in contract, tort, statute, or otherwise, between you and us that arises out of or relates to this lease, the vehicle, your application, or any resulting relationship (including claims against our employees, agents, successors, or assigns) shall, at the election of you or us, be resolved by neutral, binding arbitration and not by a court action.

Small claims & self-help

This provision does not prevent either party from bringing an action in small-claims court for disputes within that court's jurisdiction, or from exercising lawful self-help remedies such as repossession.

Administration & rules

The arbitration will be administered by a nationally recognized arbitration organization selected by the party initiating arbitration, under the rules of that organization in effect when the claim is filed, except where those rules conflict with this provision, in which case this provision governs.

Costs

We will advance your filing, administration, and arbitrator fees if you ask, subject to final allocation by the arbitrator under the applicable rules. Each party is otherwise responsible for its own attorneys' and experts' fees unless awarded by the arbitrator or required by law.

Class action waiver

Claims must be brought in an individual capacity. You and we waive any right to arbitrate or litigate on a class, representative, or private-attorney-general basis. The arbitrator may award relief only in favor of the individual party seeking relief.

Award & appeal

The arbitrator's award is final and binding, except for any right of appeal provided by the Federal Arbitration Act. Judgment on the award may be entered in any court with jurisdiction.

Survival & severability

This provision survives termination of the lease, transfer of the lease, and payment in full. If the class-action waiver is found unenforceable, the entire arbitration provision is void. All other parts are severable.

Right to reject

You may reject this arbitration provision by mailing us written notice within 30 days of signing the lease, stating your name, account number, and intent to reject. Rejection will not affect any other provision of this agreement.

Optional Product & Electronic Consent Addenda

Guaranteed Asset Protection (GAP) Waiver — terms

If purchased, the GAP waiver cancels the difference (the 'gap') between the actual cash value of the vehicle and the amount you owe under the lease if the vehicle is declared a total loss or is stolen and not recovered, subject to the maximum benefit, the deductible cap, and the exclusions stated in the GAP addendum. GAP is voluntary and is not required to obtain the lease.

GAP exclusions

GAP typically does not cover overdue payments and late charges existing before the loss, amounts added after lease inception, excess wear and mileage, carryover balances from a prior lease or loan, or any portion of a deductible above the stated cap.

Maintenance program

Scheduled maintenance covered by the manufacturer's included maintenance program is provided per its terms for the covered period or mileage, whichever comes first. Wear items and damage are excluded and remain your responsibility.

Electronic records & signatures consent

By consenting, you agree that this lease and related disclosures may be provided and signed electronically, that electronic records satisfy any legal requirement that such records be in writing, and that your electronic signature is legally binding. You may request a paper copy and may withdraw consent for future records as described in the consent disclosure.

Insurance authorization

You authorize us to verify your insurance and, if you fail to maintain required coverage, to obtain force-placed coverage protecting our interest and to add its cost to your obligations; such coverage may be more expensive and may protect only our interest.

End-of-Lease Return Checklist

Complete the following before your scheduled return to avoid additional charges.

Item	Action required	Typical charge if not addressed
Mileage	Confirm total miles vs. 30,000 allowance	\$0.25 per excess mile
Pre-inspection	Schedule complimentary inspection 30–60 days out	Post-return charges may be higher
Keys & remotes	Return all keys and remotes provided	\$150–\$450 per missing key
Owner's manuals	Return manuals and navigation cards	\$50–\$150 if missing
Charging/cables	Return any included cables/equipment	Cost of replacement
Cargo cover / parcel shelf	Return if originally equipped	\$150–\$300 if missing
Tires	Confirm matched set, tread $\geq$ 1/8 inch	Cost per non-conforming tire
Glass	Repair any chips or cracks	Cost of replacement
Body	Address dents/scratches beyond standard	Per excess-wear schedule
Interior	Clean; address tears, burns, stains, odor	Per excess-wear schedule
Recalls	Complete any open safety recalls	May affect condition assessment
Personal property	Remove all personal property	Not returned after surrender
Disposition fee	Due at return unless you purchase	\$395.00

Completing these steps before return typically reduces or eliminates end-of-lease charges. Contact lease-end services to schedule your inspection and return.

Understanding Your Lease

What am I paying for in a lease?

You pay for the vehicle's expected depreciation during the term plus a rent charge (the cost of financing), along with applicable taxes and fees — not the full value of the vehicle.

What is the residual value?

The residual is the vehicle's estimated value at lease end, set at inception. It is also your purchase-option price if you choose to buy the vehicle.

Why is the early-termination charge so high?

Ending early means the depreciation and rent that would have been spread over the full term become due sooner, offset by the vehicle's realized value. Early in the term, little has been paid down, so the charge is larger.

What happens if I drive more than my allowance?

You pay the per-mile excess-mileage charge for each mile over the total allowance, assessed at lease end.

Can I buy the vehicle?

Yes. You may purchase at lease end for the residual value plus the purchase-option fee and taxes, or before lease end for the adjusted lease balance; contact servicing for a quote.

What condition must the vehicle be in at return?

Normal wear is acceptable; excess wear and missing items are chargeable per the excess-wear standards. A pre-inspection helps you avoid surprises.

Additional State-Specific Disclosures

California

The amount charged for early termination may not exceed the lawful early-termination formula. You may obtain the method of computing the early-termination liability on request.

New Jersey

The lessee may inspect, at a reasonable time and place, the documents used to compute any end-of-term or early-termination liability.

Pennsylvania

This lease is a closed-end lease. The lessee is not liable for the residual value at the end of the lease term except as otherwise provided in this agreement.

Illinois

Any extra charge for excess mileage or excess wear will be disclosed and assessed only as provided in this agreement and applicable law.

Texas

A lessee may be entitled to an independent appraisal of the vehicle's fair market value at early termination, at the lessee's expense, which will be binding on the parties.

Florida

Documentary and titling fees are disclosed in the amounts due at signing; the lessor's retention of any portion is as permitted by law.

Maryland

The lessee has the right to a written statement of the early-termination liability and the method used to compute it upon request.

Virginia

The lessor will provide, on request, the basis for any end-of-lease charges, including excess wear and mileage assessments.

Glossary (continued)

Acquisition (bank) fee	An upfront administrative fee charged at lease inception.
Money factor	A figure used to compute the rent charge; multiplying it by 2,400 approximates an equivalent annual interest rate.
Cap cost	Shorthand for capitalized cost — the agreed value of the vehicle plus any items you finance into the lease.
Drive-off	Total amount due at signing, including the first payment, fees, and any cap-cost reduction.
Lease-end	The scheduled maturity of the lease, when you return or purchase the vehicle.
Maturity	The contractual end date of the lease term.
MSRP	Manufacturer's suggested retail price; not necessarily the agreed capitalized cost.
Pull-ahead	A manufacturer promotion that may waive remaining payments if you lease a new vehicle early; availability varies and is not guaranteed.
Security deposit	A refundable deposit some leases require; none was required for this lease.
Wear-and-use	The standard governing acceptable versus chargeable condition at return.

Worked Examples

Excess mileage example

The total mileage allowance is 30,000 miles. If the vehicle is returned with 34,200 miles, the 4,200 excess miles are charged at \$0.25 per mile, for an excess-mileage charge of \$1,050.00 at lease end.

End-of-term: return scenario

At scheduled lease end, returning the vehicle in acceptable condition and within the mileage allowance, you would owe the \$395.00 disposition fee plus any excess wear or excess mileage. You would not owe the residual value.

End-of-term: purchase scenario

To purchase the vehicle at lease end, you would pay the residual value of \$31,080.00 plus a \$350 purchase-option fee and applicable taxes and registration, in lieu of the disposition fee.

Early-termination illustration

Ending the lease early near the statement date, the illustrative amount (before the vehicle's realized-value credit) combines the remaining base obligation of \$13,473.46 with early-termination and disposition fees and any unpaid taxes — an estimated \$17,323.46 before credit. The realized value of the vehicle, set by sale or appraisal, reduces this amount.

Lease vs. Purchase — Illustrative Comparison

For general education only; not a recommendation. Figures are illustrative.

Consideration	Leasing	Financing a purchase
Monthly payment	Generally lower for the same vehicle	Generally higher
Up-front cost	First payment + fees + any cap reduction	Down payment + taxes + fees
Ownership at end	None unless you buy at residual	You own the vehicle
Mileage	Limited; excess miles charged	Unlimited
Wear	Excess wear charged at return	Affects resale value you bear
Flexibility	Return or buy at lease end	Keep, sell, or trade anytime
Early exit	Early-termination charge applies	Sell/payoff loan; may owe a gap
Customization	Limited; must restore at return	Unrestricted

Whether leasing or financing is preferable depends on your driving habits, how long you intend to keep the vehicle, and your cash-flow preferences. Consider your own circumstances before deciding.

Payment Methods, Due Dates & Late Charges

Automatic draft (enrolled)

Your monthly payment is drafted automatically on the due date from your designated checking account. Ensure sufficient funds are available the day before the draft.

One-time online or phone payment

You may make additional or one-time payments through online banking or by phone. Payments received before the posted cut-off are credited the same business day.

Payment by mail

Mail checks payable to BMW Financial Services to the payment address on the first page, including your account number. Allow adequate mailing time so payment arrives by the due date.

Due date

Payments are due on the 9th of each month. A grace period applies before a late charge is assessed.

Late charge

If a scheduled payment is more than ten days late, a late charge of 5% of the overdue payment or \$25, whichever is greater, is assessed.

Returned payment

A returned-payment fee applies to any payment dishonored by your bank, and repeated returns may result in cancellation of autopay.

Payoff & purchase quotes

Request a binding payoff or purchase-option quote by phone or online; quotes are valid for a limited time stated on the quote.
