Truth-in-Savings Disclosure and Deposit Account Agreement

Rate Information. The interest rate and annual percentage yield (APY) on your account are variable and may change at any time at the bank's discretion. The interest rates and APYs in effect during 2025 are shown in the Interest Rate History section of this package. Interest begins to accrue no later than the business day the bank receives credit for the deposit of noncash items (for example, checks).

Compounding and Crediting Frequency. Interest is compounded daily and credited to your account monthly. If you close your account before interest is credited, you will not receive the accrued interest for that cycle.

Balance Computation Method. The bank uses the daily balance method to calculate interest on your account. This method applies a daily periodic rate to the collected balance in the account each day, as shown in the Daily Interest Accrual Detail section. The daily periodic rate equals the interest rate in effect divided by 365.

Minimum Balance Requirements. No minimum balance is required to open this account or to avoid a monthly maintenance fee. A minimum daily balance may be required to obtain the disclosed annual percentage yield; see the Rate Information.

Transaction Limitations. Withdrawals and transfers from this savings account may be limited. The bank may, at its option, decline or limit transactions that exceed any applicable limit, or may assess a fee or reclassify the account.

Fees. This account is not subject to a monthly maintenance fee. Fees that may apply include an excessive-withdrawal fee, a returned-deposit-item fee, a paper-statement fee where paperless delivery is available, and fees for special services such as wire transfers or expedited statement copies. See the Schedule of Fees for current amounts.

Funds Availability. Funds from electronic direct deposits and internal transfers from your linked accounts at the bank are generally available on the day the bank receives the deposit. Funds from check deposits are generally available no later than the second business day after the day of deposit; longer holds may apply in certain circumstances, in which case the bank will notify you.

Electronic Funds Transfers. You may authorize recurring electronic transfers to or from this account, such as the monthly transfer from your linked checking account. You may stop a preauthorized transfer by notifying the bank at least three business days before the scheduled date. The bank may be liable for certain losses if it fails to complete a properly authorized transfer; see your Electronic Funds Transfer Agreement for details and limitations.

Your Liability for Unauthorized Transfers. Tell the bank at once if you believe your credentials have been compromised or that an unauthorized electronic transfer has occurred. Prompt notification can limit your liability. If you do not notify the bank within the time periods described in your agreement, you could be liable for additional amounts.

Statements. The bank will make a statement available to you each cycle in which there is electronic activity, and at least quarterly otherwise. Review each statement promptly and report any error or unauthorized transaction within the time period stated in your agreement.

Account Ownership and Changes. This account is held in the ownership capacity shown in the bank's records. You may change ownership, add or remove a payable-on-death beneficiary, or update your contact information by contacting the bank or through online banking, subject to the bank's verification procedures.

Tax Reporting. Interest of \$10 or more is reported annually to you and to the Internal Revenue Service on Form 1099-INT. If you do not provide a correct taxpayer identification number, backup withholding may apply to the interest paid on your account, as provided by law. Please keep your taxpayer information current.

Closing the Account. Either you or the bank may close this account at any time. If the account is closed, interest accrued but not yet credited for the current cycle may be forfeited as described above.

Governing Law. Your account and this agreement are governed by applicable federal law and, to the extent not preempted, the laws of the State of California, without regard to its conflict-of-laws principles.

Amendments. The bank may amend the terms of this agreement, change the rate and fees, or convert your account to another product, by providing notice as required by applicable law. Your continued use of the account after the effective date of a change constitutes your acceptance of the change.
