Truth in Savings Disclosure

Rate information. The interest rate and annual percentage yield may change at the institution's discretion. Interest is compounded daily and credited monthly using the daily balance method, which applies a daily periodic rate to the principal in the account each day.

Minimum balance. No minimum balance is required to obtain the disclosed annual percentage yield. Fees, if any, could reduce the earnings on the account.

Accrual of interest. Interest begins to accrue no later than the business day the institution receives credit for the deposit of noncash items, such as checks.

+12 months	\$14,611.32	\$159.96

Funds Availability Policy

Our policy is to make funds from your deposits available to you on the first business day after the day we receive your deposit. Electronic direct deposits are available on the day we receive the deposit. Once funds are available, you can withdraw them and we will use them to pay items presented against your account.

For determining the availability of your deposits, every day is a business day except Saturdays, Sundays, and federal holidays. If you make a deposit before the cutoff time on a business day, we will consider that day to be the day of your deposit.

In some cases, we may delay availability of funds you deposit by check. During the delay, you may not be able to withdraw the funds and we will not use them to pay checks you have written.
