Positive amounts are payments or credits; amounts in parentheses are purchases that increased your balance. Payments posted on the 5th of each month cleared the prior cycle's balance in full via autopay.

Interest Charge Calculation

Balance Type	Annual Percentage Rate (APR)	Balance Subject to Rate	Interest Charged
Purchases	21.99% (variable)	0.00	0.00
Cash advances	29.99% (variable)	0.00	0.00
Balance transfers	21.99% (variable)	0.00	0.00

Because the previous balance was paid in full by the due date, you received an interest-free grace period on new purchases and no interest was charged. Interest, when charged, is computed using the average daily balance method (including new transactions).

Category totals are based on merchant classification and reflect purchases only (not payments). They are provided for budgeting reference and may differ from your own categories.

Rewards Program Terms

You earn rewards points on net purchases (purchases minus returns); payments, cash advances, balance transfers, fees, and interest do not earn points. Points have no cash value until redeemed and may be redeemed for statement credits, travel, gift cards, or merchandise through the rewards portal. Points expire if the account is closed or becomes seriously delinquent. Bonus-category and promotional offers are subject to their own terms. We may change the rewards program, including earn rates and redemption values, with notice as required by law. Redemption values vary by redemption type; statement-credit redemptions are typically valued at one cent per point.

Arbitration & Important Notices

Arbitration. Your Cardholder Agreement contains an arbitration provision that, subject to your right to reject it within the time specified in the Agreement, may require disputes to be resolved by binding arbitration rather than in court and may waive your right to a jury trial or to participate in a class action. Review the Agreement for details and instructions on how to reject arbitration.

Military Lending Act. If you are a covered borrower under the Military Lending Act, federal law provides important protections, including a cap on the Military Annual Percentage Rate; call the toll-free number on this statement to hear these disclosures.

Changes to your account terms. We will notify you in advance of changes to your interest rates, fees, or other significant terms as required by law, and will provide any right to opt out where applicable. No changes to your APRs or fees take effect with this statement.

Cardholder Agreement — Expanded Key Terms

Promise to pay. You agree to pay all amounts you or an authorized user charge, plus applicable interest and fees. **Authorized users.** You are responsible for charges made by anyone you allow to use the account. **Credit limit.** We may change your credit limit at any time; transactions that exceed your available credit may be declined. **Default.** Your account may be in default if you fail to make a required payment, exceed your credit limit, or a payment is returned; on default we may, subject to law, increase your APR and require immediate payment. **Payment application.** We apply the minimum payment as we choose and amounts above the minimum to higher-APR balances first. **Closing the account.** You or we may close the account at any time; you remain responsible for amounts owed.

Important Disclosures — How Interest Is Charged

We use the average daily balance method (including new transactions) to calculate interest on your account. To get the average daily balance, we take the beginning balance each day, add any new purchases or fees, and subtract any payments or credits. This gives the daily balance; we then add up all the daily balances for the billing cycle and divide by the number of days in the cycle. We will not charge interest on new purchases if you pay your entire balance by the due date each month (the grace period). There is no grace period for cash advances or balance transfers, which begin accruing interest on the transaction date.

Paying interest. Your due date is at least 23 days after the close of each billing cycle. **Annual percentage rates.** The APRs may vary with the market based on the Prime Rate. **Penalty APR.** A penalty APR of up to 29.99% may apply if you make a late payment; it may apply indefinitely. **Foreign transactions.** A foreign transaction fee of 0% applies on this Visa Signature product (no foreign transaction fees). **Late payment fee.** Up to \$40. **Returned payment fee.** Up to \$40.

Your Billing Rights — Keep This Document for Your Records

What To Do If You Think You Find a Mistake on Your Statement. If you think there is an error on your statement, write to us at the Billing Inquiries address on this statement. In your letter, give us the following information: your name and account number; the dollar amount of the suspected error; and a description of the error and why you believe it is a mistake. You must contact us within 60 days after the error appeared on your statement. You must notify us of any potential errors in writing. You may call us, but if you do we are not required to investigate any potential errors and you may have to pay the amount in question.

What Will Happen After We Receive Your Letter. When we receive your letter, we must do two things: (1) Within 30 days of receiving your letter, we must tell you that we received your letter, and (2) within 90 days of receiving your letter, we must either correct the error or explain to you why we believe the bill is correct. While we investigate whether or not there has been an error, the following are true: we cannot try to collect the amount in question, or report you as delinquent on that amount; the charge in question may remain on your statement, and we may continue to charge you interest on that amount; while you do not have to pay the amount in question, you are responsible for the remainder of your balance; and we can apply any unpaid amount against your credit limit.

Your Rights If You Are Dissatisfied With Your Credit Card Purchases. If you are dissatisfied with the goods or services that you have purchased with your credit card, and you have tried in good faith to correct the problem with the merchant, you may have the right not to pay the remaining amount due on the purchase. To use this right, the purchase must have been made in your home state or within 100 miles of your current mailing address, and the purchase price must have been more than \$50. These limitations do not apply if we own or operate the merchant or if we mailed you the advertisement for the property or services.
