As the principal balance has declined, the interest portion of each payment has fallen and the principal portion has risen. This is the normal behavior of a fully amortizing fixed-rate loan.

Mortgage Assistance & Loss-Mitigation Options

If you are experiencing financial hardship, you may be eligible for mortgage-assistance options such as a repayment plan, forbearance, loan modification, or other alternatives to foreclosure. To be evaluated, contact our Customer Care team and request a loss-mitigation application. You will be asked to provide documentation of your income and hardship. We will review your complete application and notify you of the options for which you may qualify. Help may also be available from a HUD-approved housing counseling agency; call 1-800-569-4287 or visit the Consumer Financial Protection Bureau's website to find a counselor near you.

How Payments Are Applied

Unless otherwise required by law or your loan documents, your monthly payment is applied in the following order: (1) accrued interest; (2) principal; (3) escrow for taxes and insurance; and (4) any outstanding fees. Funds received that are less than a full contractual payment may be held in a suspense account until sufficient funds accumulate to make a full payment. Additional amounts you send above your total monthly payment are applied to principal unless you instruct us otherwise.

Important Servicing Disclosures

Interest reported. Box 1 reflects mortgage interest of 3,208.20 received during 2025. Because your loan balance is relatively low and the rate is fixed, the majority of each monthly payment is now applied to principal. **Real estate taxes.** The amount shown in Box 10 was disbursed from your escrow account; the deductibility of real estate taxes is subject to applicable limitations under federal law.

Qualified Written Request. If you believe there is an error on your account or need information about your loan servicing, you may send a Qualified Written Request to our Customer Care address above. We will acknowledge your request within 5 business days and respond within 30 business days as required by RESPA. Do not include such requests with your payment.

Servicemembers Civil Relief Act (SCRA). If you are a servicemember or a dependent of a servicemember, you may be entitled to certain protections under the SCRA regarding the interest rate and foreclosure. Contact us or a legal-assistance office for more information.

Credit reporting. We may report information about your account to credit bureaus. Late payments, missed payments, or other defaults on your account may be reflected in your credit report.

Notice of Error / Request for Information. You have the right to send us a written notice if you believe an error has occurred, or to request information about your loan. Send such notices to the Customer Care address, separately from your payment. We will acknowledge receipt within five business days. For a notice of error, we will correct the error and notify you, or explain why no error occurred, generally within 30 business days. For an information request, we will respond within the time required by RESPA. You may also be entitled to certain protections and remedies under the Real Estate Settlement Procedures Act and its implementing regulation.

Privacy Notice

Badgerland Mortgage Servicing collects nonpublic personal information about you from your loan application and documents, your transactions with us and others, and consumer reporting agencies. We may disclose this information to companies that perform services on our behalf, to investors or potential investors in your loan, and to others as permitted or required by law, such as to tax authorities and in response to legal process. We restrict access to your nonpublic personal information to those who need it to provide products or services to you, and we maintain physical, electronic, and procedural safeguards designed to protect your information. We do not sell your personal information. Our full privacy policy is available at badgerlandmtg.com or upon request.

Hazard, Flood & Mortgage Insurance Requirements

Your loan documents require you to maintain hazard insurance on the property in an amount sufficient to cover the lesser of the loan balance or the replacement cost, naming the servicer as mortgagee. If the property is located in a special flood hazard area, flood insurance is also required. If you fail to maintain required coverage, we may purchase lender-placed insurance at your expense, which is typically more costly and may provide less protection than a policy you obtain yourself. Provide evidence of renewal to our insurance department promptly each year. Based on current records, the property is not in a designated special flood hazard area, and your hazard policy is escrowed and current.

Electronic Payment & AutoPay Terms

Your monthly payment is drafted automatically from your designated deposit account under the AutoPay authorization on file. Drafts occur on or about the first business day of each month. You may cancel or change AutoPay by contacting Customer Care at least three business days before the scheduled draft. If a draft is returned for insufficient funds, a returned-payment fee may apply as permitted by your loan documents and applicable law, and you remain responsible for making the payment by other means.

Year-End Tax Reporting — Frequently Asked Questions

Why is my Box 1 interest lower than last year? As your loan amortizes, a larger share of each payment is applied to principal and a smaller share to interest, so reported interest declines each year.

Are the real estate taxes in Box 10 deductible? Real estate taxes disbursed from escrow are shown for your information. Whether, and to what extent, they are deductible depends on your overall tax situation and applicable limitations; consult a tax adviser.

Does this statement include taxes I paid directly? No. Box 10 reflects only amounts we disbursed from your escrow account. Any taxes you paid directly are not included.

What if I refinanced or the loan was transferred? If servicing transferred during the year, you may receive a separate Form 1098 from each servicer covering its portion of the year.

Complaint Procedures & Regulatory Contacts

If you have a complaint about the servicing of your loan, please contact our Customer Care team first so we can attempt to resolve it.
