Form W-2 Wage and Tax Statement · 2025 · Department of the Treasury — Internal Revenue Service. This information is being furnished to the Internal Revenue Service.

Notice to Employee

Do you have to file? Refer to the Form 1040 instructions to determine if you are required to file a return. Even if you are not required to file, you may be eligible for a refund if box 2 shows an amount or if you are eligible for any credit.

Earned income credit (EIC). You may be able to take the EIC for 2025 if your adjusted gross income is below the applicable limit and you meet other requirements. Any EIC that is more than your tax liability is refunded to you, but only if you file a tax return.

Clergy and religious workers. If you are not subject to social security and Medicare taxes, see Pub. 517. Corrections. If your name, SSN, or amounts are incorrect, notify Payroll Services so a Form W-2c can be issued. Cost of employer-sponsored health coverage (if shown in box 12, Code DD) is for your information only and is not taxable.

Instructions for Employee (Box References)

Box 1. Taxable wages for federal income tax. Reflects gross pay reduced by pre-tax 403(b) elective deferrals (Code E), Wisconsin Retirement System employee contributions reported in box 14, and pre-tax Section 125 health premiums. It is therefore lower than total gross pay.

Box 3 / Box 5. Social security and Medicare wages. Pre-tax 403(b) deferrals and WRS contributions are subject to social security and Medicare tax, so boxes 3 and 5 are higher than box 1. Section 125 health premiums are not subject to these taxes and are excluded from boxes 3 and 5.

Box 12, Code E. Elective deferrals to a 403(b) salary reduction agreement. This amount is excluded from box 1 but included in boxes 3 and 5.

Box 12, Code DD. Cost of employer-sponsored health coverage. Informational only; not taxable.

Box 13. The Retirement plan box is checked because you were an active participant in an employer retirement plan, which may affect the deductibility of traditional IRA contributions.

Box 14. Other amounts reported for informational purposes. WRS is the Wisconsin Retirement System employee contribution; SEC125 is the pre-tax cafeteria-plan health premium total.

Boxes 15–17. Wisconsin wages and state income tax withheld. Box 16 generally equals box 1.

Annual Earnings, Deductions & Taxes — Summary

Description	Current Year (2025)
Gross regular earnings	104,000.00
Less: 403(b) elective deferral (pre-tax)	(12,480.00)
Less: WRS employee contribution (pre-tax)	(7,176.00)
Less: Section 125 health premium (pre-tax)	(3,582.00)
= Federal taxable wages (Box 1)	80,762.00
Social security tax withheld (Box 4)	6,225.90

The reconciliation above demonstrates how gross pay is reduced by pre-tax items to arrive at Box 1. Social security and Medicare wages (Boxes 3 and 5) exclude only the Section 125 premium; they remain higher than Box 1 by the sum of the 403(b) deferral and WRS contribution.

Social security tax each period equals 6.2% of that period's social-security wages (gross less the Section 125 premium); Medicare equals 1.45% of the same base. Because annual social-security wages of 100,418.00 are below the 2025 wage base of \$176,100, the 6.2% rate applies in every period. The Section 125 premium changed at mid-year open enrollment, so per-period social-security and Medicare amounts differ slightly between the first and second halves of the year.

2025	80,762.00	8,400.00	80,762.00	3,674.70

The decline in Box 1 from 2024 to 2025 reflects an increase in your pre-tax 403(b) elective deferral and Wisconsin Retirement System contribution rate, not a reduction in gross salary, which increased year over year.

Definitions & Glossary

Elective deferral (403(b)). A voluntary, pre-tax reduction of your salary contributed to a 403(b) retirement account, reported in Box 12 with Code E.

WRS. Wisconsin Retirement System, the State of Wisconsin's defined-benefit pension. The employee share is contributed pre-tax under Internal Revenue Code §414(h) and reported in Box 14.

Section 125 / cafeteria plan. An arrangement allowing certain insurance premiums to be paid with pre-tax dollars, reducing taxable and FICA wages.

Wage base. The maximum amount of annual earnings subject to the 6.2% social security tax (\$176,100 for 2025). Medicare tax of 1.45% has no wage base.

Direct deposit. Electronic delivery of net pay to your designated bank account each pay date.

Understanding Your Pay Statement

Your pay is calculated each period by starting with gross salary and subtracting, in order: (1) pre-tax retirement contributions (your 403(b) elective deferral and your Wisconsin Retirement System contribution), which reduce your taxable wages for federal and state income tax but not for social security and Medicare; (2) pre-tax insurance premiums under the Section 125 cafeteria plan, which reduce wages for income tax and for social security and Medicare; (3) social security tax at 6.2% and Medicare tax at 1.45% on your FICA wages; and (4) federal and Wisconsin income tax withholding based on the elections on file. The remainder is your net pay.

Because your 403(b) and WRS contributions are excluded from income-tax wages but not from social security and Medicare wages, your Box 1 (federal taxable wages) is lower than your Box 3 and Box 5 (social security and Medicare wages). This is normal and expected. If you contribute more to your 403(b), your Box 1 wages — and your current income-tax withholding — decrease, while your social security and Medicare wages are unchanged.

Income-tax withholding is an estimate spread across pay periods, computed from your University wages and the elections on your Form W-4 and Form WT-4 using the IRS percentage method and the Wisconsin withholding tables. You may change your elections at any time through the MyUW portal.
